

700X NAS SCOUT FLIGHT

Humanitarian Assistance &
Disaster Relief in the Caribbean

HUMANITARIAN ASSISTANCE & DISASTER RELIEF IN THE CARIBBEAN

SCOUT Flight 700X Naval Air Squadron, operates Uncrewed Air Systems (UAS or drones) from HMS TRENT or ashore to support humanitarian assistance and disaster relief operations across the Caribbean.

Our drones provide rapid aerial assessment, support search and rescue operations, and help deliver critical supplies when communities are affected by hurricanes, flooding, or other emergencies.

What we provide:

- // Rapid damage assessment
- // Search and rescue support
- // Real-time aerial imagery
- // Monitoring of affected areas
- // Delivery of essential supplies to isolated communities and forward deployed troops
- // Enhanced situational awareness in emergencies

MALLOY T-150B

// Heavy-lift drone

The Malloy T-150 can carry up to 63kg of supplies, helping deliver food, water, medical supplies, and equipment to communities or forward deployed troops cut off by damaged infrastructure.

// Payload: up to 63kg

// Range: 13-37.5km

// Day/night capability

// Thermal imaging

// Operates in winds up to 30 knots

BEST USED FOR

Delivering aid to isolated communities or equipment to forward-deployed troops.

PUMA AE3

// ISR drone

The Puma AE3 provides live aerial imagery over large areas, helping emergency services assess damage, locate hazards, and support search and rescue operations.

- // Flight endurance: up to 2.5 hours
- // Range: up to 40km
- // Day/night cameras
- // Thermal imaging
- // Hand launched and recoverable on land or at sea

BEST USED FOR

Large-area damage assessment and search operations

PARROT ANAFI USA

// Rapid-response drone

A lightweight system that can be deployed within minutes to provide high-definition and thermal imagery in support of emergency response activities.

- // Weight: 500g
- // Flight time: up to 32 minutes
- // 4K imaging and thermal camera
- // Strong zoom capability
- // Operates in challenging weather conditions

BEST USED FOR

Immediate local assessment and infrastructure inspection

700X NAS SCOUT Flight provides rapid, safe and flexible drone support to help Caribbean partners respond to natural disasters, protect communities, and direct aid where it is needed most.
