Trade Mark was registered in the Cayman Islands

**On:** 09 August 2024

**No:** T0003933

**Word/Mark:**

**KOMATSU**

**Class List:**

- **04 for** Lubricants; solid lubricants; motor oil; industrial oil; mineral oils and greases for industrial purposes [not for fuel]; non-mineral oils and greases for industrial purposes [not for fuel]; industrial wax; fuels; solid fuels; liquid fuels; gaseous fuels; liquefied petroleum gas; natural gas; oils for lighting; gas for lighting; non-chemical additives for fuels, lubricants and greases; non-chemical additives for motor oil.
- **07 for** Electric power generators using waste heat; electric power generators; modules for generating electricity using waste heat as parts and accessories of industrial robots, apparatus for machining, electronic-component manufacturing machines and systems, semiconductor manufacturing machines and systems; modules for generating electricity as parts and accessories of industrial robots, apparatus for machining, electronic-component manufacturing machines and systems, semiconductor manufacturing machines and systems; industrial robots and parts and attachments thereof; welding robots and parts and attachments thereof; cutting machines; crushing machines; laser welding apparatus and parts and attachments thereof; metalworking machines and tools using laser and parts and attachments thereof; semi-conductor substrates automatic cutting machines using laser and parts and attachments thereof; semi-conductor and electronic circuits manufacturing machines and systems using laser and parts and attachments thereof; construction machines and apparatus for building or construction of roads, bridges and dams and parts and attachments thereof; snow ploughs and apparatus and parts and attachments thereof; metalworking machines and tools and parts and attachments thereof; machining centers and parts and attachments thereof; NC [numerical control] machine tools drive controlled by computer software and parts and attachments thereof; grinding machines and parts and attachments thereof; mining machines and apparatus and parts and attachments thereof; agricultural machines and agricultural implements, other than hand-operated; machines and apparatus for use in forestry and parts and attachments thereof; glass-working machines and apparatus and parts and attachments thereof; plastic processing machines and apparatus and parts and attachments thereof; semiconductor manufacturing machines and systems and apparatus and parts and attachments thereof; semi-conductor substrates manufacturing machines and parts and attachments thereof; machines and parts and attachments for processing silicon ingot for semi-conductor; semiconductor wafer processing equipment and parts and attachments thereof; on-vehicle battery manufacturing machines and apparatus and parts and attachments thereof; machines for manufacturing batteries and cells and parts and attachments thereof; rubber processing machines and apparatus and parts and attachments thereof; stone working machines and apparatus and parts and attachments thereof; non-electric prime movers, not for land vehicles and apparatus and parts and attachments thereof; parts of non-electric prime movers and attachments thereof; starters for motors and engines; AC motors and DC motors [not including those for land vehicles but including parts for any AC motors and DC motors]; AC generators [alternators]; DC generators; oil coolers for motors and engines; air condensers; arc welding machines; electric metal cutting machines; electric welding machines; control mechanisms adapted for industrial robots for use in operating actuation of industrial robots; control mechanisms adapted for construction machines and apparatus for building or construction of roads, bridges and dams for use in operating actuation of construction machines and apparatus for building or construction of roads, bridges and dams; control mechanisms adapted for snow plough machines for use in operating actuation of snow plough machines; control mechanisms adapted for metalworking machines and apparatus for use in operating actuation of metalworking machines and apparatus; control mechanisms adapted for mining machines and apparatus for use in operating actuation of mining machines and apparatus; control mechanisms adapted for civil engineering machines and apparatus for use in operating actuation of civil engineering machines and apparatus; control mechanisms adapted for loading-unloading machines and

apparatus for use in operating actuation of loading-unloading machines and apparatus; control mechanisms adapted for mobile cranes for use in operating actuation of mobile cranes; control mechanisms adapted for agricultural machines and implements for use in operating actuation of agricultural machines and implements; control mechanisms adapted for machines and apparatus for use in forestry for use in operating actuation of machines and apparatus for use in forestry; control mechanisms adapted for semiconductor manufacturing machines and systems for use in operating actuation of semiconductor manufacturing machines and systems; control mechanisms adapted for waste compacting machines and apparatus for use in operating actuation of waste compacting machines and apparatus; control mechanisms adapted for waste crushing machines and apparatus for use in operating actuation of waste crushing machines and apparatus; construction machines and apparatus and parts and attachments thereof; loading-unloading machines and apparatus and parts and attachments thereof; mobile cranes and parts and attachments thereof; earth-working machines and apparatus, namely, bulldozers, swamp bulldozers, amphibious bulldozers, tire dozers, motor scrapers, towed scrapers, rippers and rake dozers; earth-handling machines and apparatus, namely, shovel loaders, wheel loaders, tractor loaders, compactors and loader buckets; excavators, namely, back-hoes, dozer-shovels, swamp-type dozer shovels, swing dozer shovels, powershovels, bucket excavators, mining shovels, trenchers, and tunnel boring machines; construction machines and apparatus, namely, drop-hammers, tire rollers, road rollers, asphalt finishers, vibration rollers, vibroplates, pipe-laying machines, and motor graders; loaders, stackers, reclaimers; belt-conveyers; generators or dynamos, chain saws; bush cutters; air compressors; truck cranes; engines and transmissions for said goods; parts and attachments for the aforementioned goods; machines and machine tools for glass quality inspection [testing and quality control devices]; alternating current motors or direct current motors for land vehicles, not including their parts.

- **09 for** Electronic machines, apparatus and their parts for remote monitoring systems; wireless remote control systems and devices for vehicles; wireless remote controls; remote control apparatus; remote operation and control apparatus for industrial robots, metalworking machines and apparatus, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, agricultural machines and implements, forest machines and apparatus, snow plough machines and apparatus, waste compacting machines and apparatus, waste crushing machines and apparatus; remote control telemetering machines and instruments for industrial robots, metalworking machines and apparatus, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, agricultural machines and implements, forest machines and apparatus, snow plough machines and apparatus, waste compacting machines and apparatus, waste crushing machines and apparatus; data processing apparatus; computer hardware; computer programs for data processing; computer programs for repair or maintenance of industrial robots, metalworking machines and apparatus, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, agricultural machines and implements, forest machines and apparatus, snow plough machines and apparatus, waste compacting machines and apparatus, waste crushing machines and apparatus; computer programs for the remote control of industrial robots, metalworking machines and apparatus, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, agricultural machines and implements, forest machines and apparatus, snow plough machines and apparatus, waste compacting machines and apparatus, waste crushing machines and apparatus; computer programs for operational management of autonomous cars; downloadable image files and video files; downloadable image files and video files of virtual industrial robots, virtual metalworking machines and apparatus, virtual construction machines and apparatus, virtual loading-unloading machines and apparatus, virtual mining machines and apparatus, virtual agricultural machines and implements, virtual machines and apparatus for use in forestry, virtual snow plough machines and apparatus, virtual waste compacting machines and apparatus and virtual waste crushing machines and apparatus; downloadable virtual goods, namely computer programs featuring industrial robots, metalworking machines and apparatus, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, agricultural machines and implements, forest machines and apparatus, snow plough machines and apparatus, waste compacting machines and apparatus, waste crushing machines and apparatus for use in online virtual worlds; virtual reality goggles; virtual reality headsets; measuring or testing machines and instruments, and their parts and accessories; apparatus and instruments for testing electronic components; apparatus and instruments for product defect inspection; apparatus and instruments for testing; precision measuring machines and instruments for testing; diagnostic apparatus, not for medical purposes; power distribution or control machines and apparatus; LCD monitors; computer monitors; touchscreen monitors; tablet monitors; remote control for computer systems.
- **12 for** Vessels [boats & ships] and their parts and fittings; aircraft and their parts and fittings; railway rolling stock and their parts and fittings; automobiles and their parts and fittings; carts; carts [Riyakah]; shock

absorbers for automobiles; mine-car pushers; towing tractor; traction engine; non-electric prime movers for land vehicles, not including their parts; anti-theft alarms for vehicles; gearboxes, transmissions, motors, brakes, and engines for land vehicles; self-driving cars; camera drones; civilian drones; dump trucks; fork lift trucks; diesel engines for land vehicles; remote control vehicles, other than toys; electric vehicles; motor racing cars; vehicle covers [shaped].

- **36 for** Retail financing services; lease-purchase financing services; financing services for lease users; loans, namely financing and discount of bills; acquisition and transfer of monetary claims; trusteeship of financial futures contracts; trusteeship of money, securities, monetary claims, personal property, land, rights on land fixtures, surface rights and lease on land; agency services for bond subscriptions; insurance agencies for non-life insurance; claim adjustment for non-life insurance; non-life insurance underwriting; insurance premium rate computing; providing information on non-life insurance; reinsurance underwriting of non-life insurance; appraisal of used automobiles and used construction machines including mobile cranes and power shovels; providing information on appraisal of used automobiles and used construction machines including mobile cranes and power shovels; financing of loans against security; revolving loans; financing of purchases; lease-purchase financing of construction machines.
- **37 for** Repair or maintenance of metalworking machines and tools; providing information regarding maintenance of metalworking machines and tools; providing repair and maintenance information regarding the location and operational status of metalworking machines and apparatus for repair and maintenance; repair or maintenance of construction machines and apparatus; providing construction information regarding the location of construction machines and apparatus; providing construction information regarding the operational status of construction machines and apparatus; providing information regarding maintenance of construction machines and apparatus; providing repair and maintenance information regarding the location and operational status of construction machines and apparatus; repair or maintenance of loading-unloading machines and apparatus; providing construction information regarding loading-unloading machines and apparatus; providing construction information regarding the operational status of loading-unloading machines and apparatus; providing information regarding maintenance of loading-unloading machines and apparatus; providing repair and maintenance information regarding the location and operational status of loading-unloading machines and apparatus; repair or maintenance of civil engineering machines and apparatus; providing construction information regarding the location of civil engineering machines and apparatus; providing construction information regarding the operational status of civil engineering machines and apparatus; providing information regarding maintenance of civil engineering machines and apparatus; providing repair and maintenance information regarding the location and operational status of civil engineering machines and apparatus; repair or maintenance of mining machines and apparatus; providing repair and maintenance information regarding the location of mining machines and apparatus; providing repair and maintenance information regarding the operational status of mining machines and apparatus; providing information regarding maintenance of mining machines and apparatus; repair or maintenance of machines and apparatus for use in forestry; providing repair and maintenance information regarding the location of machines and apparatus for use in forestry; providing repair and maintenance information regarding the operational status of machines and apparatus for use in forestry; providing information regarding maintenance of machines and apparatus for use in forestry; repair or maintenance of agricultural machines and agricultural implements other than hand-operated; providing repair and maintenance information regarding the location of agricultural machines and agricultural implements other than hand-operated; providing repair and maintenance information regarding the operational status of agricultural machines and agricultural implements other than hand-operated; providing information regarding maintenance of agricultural machines and agricultural implements other than hand-operated; repair or maintenance of waste compacting machines and apparatus; providing construction information regarding the location of waste compacting machines and apparatus; providing construction information regarding the operational status of waste compacting machines and apparatus; providing information regarding maintenance of waste compacting machines and apparatus; providing repair and maintenance information regarding the location and operational status of waste compacting machines and apparatus; repair or maintenance of waste crushing machines and apparatus; providing construction information regarding the location of waste crushing machines and apparatus; providing construction information regarding the operational status of waste crushing machines and apparatus; providing information regarding maintenance of waste crushing machines and apparatus; providing repair and maintenance information regarding the location and operational status of waste crushing machines and apparatus; repair or maintenance of waste and trash separator machines; providing construction information regarding the location of waste and trash separator machines; providing construction information regarding the operational status of waste and trash

separator machines; providing information regarding maintenance of waste and trash separator machines; providing repair and maintenance information regarding the location and operational status of waste and trash separator machines; repair or maintenance of snow ploughs; providing repair and maintenance information regarding the location of snow ploughs; providing repair and maintenance information regarding the operational status of snow ploughs; providing information regarding maintenance of snow ploughs; repair or maintenance of measuring or testing machines and instruments; providing repair and maintenance information regarding the location of measuring or testing machines and instruments; providing repair and maintenance information regarding the operational status of measuring or testing machines and instruments; providing information regarding maintenance of measuring or testing machines and instruments; repair or maintenance of machines and systems for manufacturing integrated circuits; providing repair and maintenance information regarding the location of machines and systems for manufacturing integrated circuits; providing repair and maintenance information regarding the operational status of machines and systems for manufacturing integrated circuits; providing information regarding maintenance of machines and systems for manufacturing integrated circuits; repair or maintenance of semi-conductor manufacturing machines and systems; providing repair and maintenance information regarding the location of semi-conductor manufacturing machines and systems; providing repair and maintenance information regarding the operational status of semi-conductor manufacturing machines and systems; providing information regarding maintenance of automobiles; providing information regarding maintenance of automobiles; providing construction information regarding location and operational status of automobiles; providing repair and maintenance information regarding the location and operational status of automobiles; repair or maintenance of industrial robots; providing construction information regarding the location of industrial robots; providing construction information regarding the operational status of industrial robots; providing information regarding maintenance of industrial robots; providing repair and maintenance information regarding the location and operational status of industrial robots; repair or maintenance of glass-working machines and apparatus and providing information relating thereto; repair or maintenance of plastic processing machines and apparatus and providing information relating thereto; repair or maintenance of machines for processing silicon ingot for semi-conductor and providing information relating thereto; repair or maintenance of on-vehicle battery manufacturing machines and apparatus and providing information relating thereto; repair or maintenance of machines for manufacturing batteries and cells and providing information relating thereto; repair or maintenance of rubber processing machines and apparatus and providing information relating thereto; repair or maintenance of stone working machines and apparatus and providing information relating thereto; repair or maintenance of non-electric prime movers and providing information relating thereto; charging of electric vehicles; construction and providing information relating thereto; construction by intelligent computerised construction technology via computer communications and providing information relating thereto; consulting services regarding constructions to execute optimal constructions; construction consultancy; construction supervision; supervision of building construction, civil engineering structures and underground structures; operation and maintenance of building equipment and providing information relating thereto; mining services and providing advice and information relating thereto; snow removal and providing advice and information relating thereto; repair and maintenance of automobiles and their parts and fittings including shock absorbers, springs, valves and their parts and fittings and consultancy and information services relating thereto; repair and maintenance of mining, construction, loading-unloading and agricultural machinery, and their parts and fittings including shock absorbers, springs, valves and their parts and fittings or analysis, and consultancy and information services relating thereto; rental or leasing of construction machines and apparatus and providing information relating thereto; rental or leasing of mining machines and apparatus and providing information relating thereto.

- **42 for** Computer software design, computer programming and maintenance of computer programs for repair or maintenance of industrial robots, metalworking machines and apparatus, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, agricultural machines and implements, forest machines and apparatus, snow plough machines and apparatus, waste compacting machines and apparatus, waste crushing machines and apparatus; computer software design, computer programming and maintenance of computer programs for managing position and battery, operational status and maintenance information of industrial robots, metalworking machines and apparatus, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, agricultural machines and implements, forest machines and apparatus, snow plough machines and apparatus, waste compacting machines and apparatus, waste crushing machines and apparatus; computer software design, computer programming and maintenance of computer programs for the remote control of industrial robots, metalworking machines and apparatus, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, agricultural machines and implements, forest

machines and apparatus, snow plough machines and apparatus, waste compacting machines and apparatus, waste crushing machines and apparatus; design and development of operating software for accessing and using a cloud computing network; computer programming for information management; design and development of virtual reality software; providing online non-downloadable computer programs for repair or maintenance of industrial robots, metalworking machines and apparatus, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, agricultural machines and implements, forest machines and apparatus, snow plough machines and apparatus, waste compacting machines and apparatus, waste crushing machines and apparatus; providing online non-downloadable computer programs for managing position and battery, operational status and maintenance information of industrial robots, metalworking machines and apparatus, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, agricultural machines and implements, forest machines and apparatus, snow plough machines and apparatus, waste compacting machines and apparatus, waste crushing machines and apparatus; providing online non-downloadable computer programs for the remote control of industrial robots, metalworking machines and apparatus, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, agricultural machines and implements, forest machines and apparatus, snow plough machines and apparatus, waste compacting machines and apparatus, waste crushing machines and apparatus; providing online non-downloadable computer programs for operational management of autonomous cars; software as a service [SaaS]; platform as a service [PaaS]; providing online non-downloadable software for virtual reality; cloud computing; rental of operating software for accessing and using cloud computing network; electronic data storage and data back-up services; electronic storage of data, drawings, texts, digital photographs, music, images, video and electronic data by cloud computing; providing virtual computer systems through cloud computing; rental of computer hardware; technical data analysis; surveying and engineering services; testing, data-analysing and measuring regarding civil engineering and building construction; drafting of building construction, civil engineering structures and underground structures and consultancy relating thereto; technical project planning; testing and research services relating to machines, apparatus and instruments; designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; design and development of computer hardware, software and databases; technological advice relating to operation of machines; technical advice relating to operation of computer programs; technological advice relating to computers, automobiles and industrial machines; scientific analysis and technological consultancy regarding consumed fuel, fuel level and operating data of industrial robots, metalworking machines and tools, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, machines and apparatus for use in forestry, agricultural machines and agricultural implements other than hand-operated, waste compacting machines and apparatus, waste crushing machines and apparatus, waste and trash separator machines, snow ploughs, measuring or testing machines and instruments, automobiles, and industrial robots; scientific analysis and technological consultancy regarding consumed power, charge level and operating data of industrial robots, metalworking machines and tools, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, machines and apparatus for use in forestry, agricultural machines and agricultural implements other than hand-operated, waste compacting machines and apparatus, waste crushing machines and apparatus, waste and trash separator machines, snow ploughs, measuring or testing machines and instruments, automobiles, and industrial robots; energy auditing; consultancy in the field of energy efficiency; consultancy in the field of energy-saving; research in the field of self-driving car technology; research relating to building construction or city planning; testing or research on civil engineering; geological test drilling and scientific research on mining; research in the field of building construction; quality control and providing information relating thereto; conducting of quality control tests on goods and services and providing information relating thereto; product testing and providing information relating thereto; calibration [measuring] and providing information relating thereto; computer aided industrial testing and providing information relating thereto; providing online geographic maps, not downloadable; providing geographic information; computer technology consultancy; information technology [IT] consultancy; geological research; exploration services in the field of the oil, gas and mining industries; design services; rental or leasing of scientific measuring or testing machines and instruments; technical data analysis related to maintenance of automobiles and their parts and fittings; technological consulting services related to maintenance of automobiles and their parts and fittings; technical data analysis related to the selection and maintenance of mining, construction, loading-unloading, forestry and agricultural machinery, and their parts and fittings; technological consulting in the field of selection and maintenance of mining, construction, loading-unloading, forestry and agricultural machinery, and their parts and fittings; monitoring of computer systems by remote access; monitoring of data from in-vehicle onboard computer systems by remote access; testing and research services relating to vehicles and their parts and fittings with autonomous driving functions or autonomous driving assistance functions and information services relating thereto; development,

design, maintenance and providing of online non-downloadable software, mobile applications, databases and web sites; conducting technical project studies; scientific studies and research relating to waste disposal; providing temporary use of non-downloadable computer software for analysis and monitoring by remote access; construction planning services; development and creation of computer programs for data processing; rental and updating of software for data processing; computer programming services for data processing.
